

AV RIDER

Chris's presentation is a high-energy, entertaining 'show' and relies heavily on the right Audio Visual set-up to ensure your audience gets the maximum value, inspiration, and motivation.

Chris will bring his **own computer** (Macbook Pro) with the necessary output adapter and his own clicker, with the presentation (run from Keynote) ready to go. He will also bring a back-up on a USB drive.

Keynote is his preferred program due to the quality of video and slide transitions, but if you require his presentation in PowerPoint, please advise Chris **at least five days prior to the engagement** (emma@tieronemanagement.com.au).

His presentation requires:

- high definition screen projector
- good quality audio system (sound will run from the computer)
- handheld microphone

On stage, it's preferable if he has a stage area free of a centered lectern and 2 bottles of room temperature water.

Any questions? Don't hesitate to call Emma Chase on +61 433 059 111.
